

# Why Join TRMA?

## Telecommunications Risk Management Association

Where Risk Leaders Connect & Collaborate Since 1997

TRMA is the premier professional community for utility-based risk management leaders across the telecommunications industry — providing the tools, data, and network to stay ahead.

### Best Practices Sharing

Access a trusted forum where peers share operational strategies, lessons learned, and solutions.

### Benchmarking Data

Exclusive industry benchmarking reports to measure performance and make data-driven decisions.

### Peer Networking

Build lasting relationships with risk management professionals from leading telecoms across North America.

### Regulatory Insight

Stay ahead of legislative developments with committee-driven analysis and timely expert updates.

### Conferences & Events

Semi-annual conferences with keynote speakers, educational sessions, and premier networking events.

### Working Committees

Participate in seven active committees — from Benchmarking to Fraud — and shape the association.

“

*UScellular has a long tradition of active participation in the TRMA. We find value in the benchmarking data and the in-person conferences. TRMA is a great organization to help risk management professionals stay on top of the ever changing nature of the issues we are expected to handle every day.*
